CHRISTMAS SHOPPING

Made Easy Here

There is so much here which will please, and best of all, good furniture lasts almost forever, so the recipient is reminded of your love and generosity every day for years.

The best thing to be said about a furniture store at Yuletide is that one does not have to hurry. Here you may take your time, and we shall count your presence a pleasure.

There is nothing here that savors of bauble or trinket—all is for service, for pleasure long lasting.

Here are to be had French and Antique Mirrors—a happy and appropriate selection for wife or "soon to be." Here are Hall Clocks with deep toned gong. Here are Carved Pedestals, Tabourettes, Foot Rests, Stand Work Baskets, Oak and Mahogany Tables, and other comfort giving, home making things. Let us show you how easy it is to give something lasting.

Mission Furniture

The style that has a charm of its own and for this very reason is the style most widely selected when gifts of Furniture are to be made. It derives its name from the old missions of Mexico and California, where things had to be made simple and strong.

It is this suggestion of romance that makes Mission Furniture so popular to-day. No other style is more homelike and sociable feeling where a group is on a summer porch or around the winter's log fire.

Where single pieces of Furniture are desired for gift purposes, mission style is most desirable.

Writing Paper

Friday and Saturday of this week we are to have the greatest sale on high grade Writing Papers. The quality is the best; the quantity is double anything of the kind you ever saw at the price. Christmas is coming, why not purchase now and hold for your friends? They will appreciate a box.

RED CROSS PHARMACY,

160 North Main St.

The Exclusive Member of the Pure Drug Association, Incorporated.

We Call Your Special Attention to Our Line of Russian Spun and Hammered Brass

This is entirely different from any line of goods ever shown in the city. This line consists of useful and practical articles, extensively used in dens, cozy corners, libraries, halls, etc. In fact, are useful articles for any room in the house. Our line comprises Jardinieres (all sizes), Smoking Sets, Umbrella Stands, Candlesticks, Trays, and numerous other articles. For that Christmas Gift, we would recommend this line among the first to select from, especially to those who delight in the unusual. As an out-of-the-ordinary Holiday Gift, one of these Brushed Brass Fern Dishes, filled with everlasting ferns, will appeal to everyone.

Special meeting of the Queen of the Forest circle, Thursday evening at 7 o'clock, at Mrs. Fardes, Tomasi block. Business of importance. A good attendance is desired. Per order the committee.

Notice: The Regular monthly business meeting of the Christian Endeavor society of the Congregational church will be held at 8:30 o'clock to-night, in the church. Officers are to be elected for the ensuing six months. Let every member be present.

The Congregational Philathea class and friends spent a most enjoyable social hour in the church parlors last evening. A short musical program was rendered, games were played and light refreshments were served. This class, organized only a little over one year, has already gained a good active enrollment, and all young ladies of the church and congregation are cordially invited to be congenial members and to help with the work of the class and enjoy its many benefits.

Little Mary McPherson, accompanied by her mother arrived in Barre this morning, direct from Aberdeen, Scotland. Mary has been engaged as an extra added attraction to offer at the Pavilion, commencing to-day, for the balance of the week, introducing her original Scotch songs and dances with a clever imitation of the peer of all Scotch artists, Harry Lander. Two other acts of considerable merit are also announced—the musical Tremaine, a musical act with enough instruments to supply a good sized band, and Caryl Monroe, the talented impersonator. With a picture program composed entirely of Biographa and three acts of vaudeville, the show at the Pavilion should be a winner.

Parents please take notice. There will be a rehearsal for the primary department of the Congregational Sunday school in preparation for the Christmas musical on Saturday at 2:30 o'clock in the Sunday school room.

Presbyterian church fair, program for Friday evening, December 2. Chorus..... church choir Reading..... Mr. James G. Sim Vocal solo..... Miss Mary Patterson Vocal duet..... Miss Phillips and Mr. Mutch

HOUSE KILLS MANY BILLS.

(Continued from first page.)

turned off lots of work. It got after railroad rates, and if the joint resolution, introduced by Mr. Calderwood of St. Johnsbury, passes, the attorney general will conduct an investigation calculated to discover if the rates of fare on the Montpelier & Wells River road are not excessive. Mr. Calderwood stated that the mileage rate had recently been increased from 2 1/2 to three cents, not permit of any profit, while, he understood, the president of the road received a salary of \$50,000 a year.

Mr. Stone of Wallingford followed suit with a similar resolution relating to the Rutland road, and altogether it looks as though there were interesting times ahead for the roads in question and incidentally for the public service commission.

The so-called mileage bill, permitting railroads to exchange privileges for advertising, in which many of the newspapers of the state are interested, and which failed of passage two years ago, mainly through the efforts of Chairman Redmond of the public service commission, was reported unfavorably in the House yesterday and would undoubtedly have been killed then and there, had not Mr. McCuen of Vergennes saved it by having it made a special order for this afternoon at 2:30 o'clock. The controversy as to the rights of the railroads to make the exchange desired has been threshed out time and again, until it looks as though it had become a personal matter between chairman Redmond and the newspapers.

Mr. Battell of Middlebury has renewed his generous offer to give the state several hundred acres of timber land on the top of Camel's Hump for a state forest preserve, the state will build a road to it and keep on the stand a virgin forest growth there shall be preserved. The value of the timber on this land is large, and it is a magnificent gift to the state, and it seems likely that some way will be provided for its acceptance.

The conference committee on the trustee process deadlock between the House and Senate has yet to hold its first meeting, the call for which will properly come from the chairman of the Senate end of the committee. The delay is perhaps occasioned by a desire to strengthen the forces back of the Cushman bill to a point where it is certain they will stand back of the Senate committee through thick and thin, which is considered at this time doubtful. The expressions of public opinion on the stand a majority of the Senate has taken in this matter is having its effect, and if some of the present supporters of the Cushman bill could have gotten their ears to the ground a little sooner there would have been no fuss over the matter.

The expected direct inheritance tax bill was introduced in the House yesterday afternoon by the committee on ways and means. This supplements the direct inheritance tax the state has had for some time and is expected to provide the money for appropriations that otherwise would have to have been raised by a state tax. The tax varies from one per cent on inheritances of less than \$10,000 to one and a half on those between \$10,000 and \$20,000, and two per cent on all over \$20,000. Just how much this will raise is problematical, being contingent, of course, on the death of persons of large means, but it is hoped that it will produce a revenue of at least \$100,000 a year. The administration of the new law is thrown upon the state tax commissioner, who handles the present inheritance tax law, and it is expected to provide him with enough more work so he will earn the \$3,000 salary the House voted him yesterday afternoon.

His salary was raised from \$2,000 to \$2,500 two years ago, and there was a little murmur at this further raise of \$500, but it vanished when Mr. Fletcher of Cavendish assured the House that the commissioner would deserve it if he did all the work the ways and means committee have mapped out for him. Mr. Fletcher paid a high compliment to Mr. Cushman's ability as a money getter and said that if the legislation proposed became law his office would be the most important in the state. The ways and means committee proposes to place Mr. Cushman in a position to collect the actual facts necessary for a comprehensive revision of the state's system of taxation, so that the problems that confront legislatures like the one of two years ago and the present one will not be so theoretical and there will be some basis of actual facts on which to proceed.

The governor yesterday appointed Frank D. Thompson of Barton judge of the Orleans county court to succeed H. B. Cushman of Newport.

The House, for a part of its work yesterday afternoon, passed a total of 27 bills, one of the most important of which was the deer hunting bill limiting the annual slaughter to deer having horns of not less than three inches in length. Mr. Gillette of Richmond proposed to amend by making the open season in October, from the 15th to the 25th, instead of November, but the proposal was voted down. Another amendment was proposed by Mr. Plumb of Halifax, making the open season the last week in October, but this, too, was lost, and the bill was then put through.

To-day, Mr. Carll of Canaan introduced a bill to make the open season in Essex county run through November. After a lively discussion the House reduced the rate of resident hunters' licenses from one dollar to fifty cents and restored the rate of \$15 for licenses for non-resident hunters.

The Theme of An Address Before Farmers' Club Last Night. Representative H. S. Peck of Burlington addressed the Farmers' club of the legislature last evening on "The New England Home, Its Character and Its Worth." This address was originally prepared for another occasion, but it was given a cordial greeting and close attention last evening before an audience that filled the room.

Judge Peck referred in opening to the purposes of the early founders of the New England home, purposes that were not mercenary, but were for the founding of a better and higher form of government, such as is the one we enjoy to-day. Our Pilgrim fathers were men of sturdy character, guided by a divine Providence, and were the source of power of a new government in a new land, giving to the New England home a sanctity and a name never before known. He closed with an eloquent reference to the love of home that is characteristic of the average New Englander, and said that if we continue to make our homes the dearest place on earth for their inmates, they will continue to be as they have been in the past, the guiding star of posterity.

Following the address, E. H. Fairbanks, state ornithologist of Massachusetts, who has for 15 years been connected with the Massachusetts state board of agriculture, spoke for a half hour along the lines of thought followed by Judge Peck. He advanced the passage of the bill now before the Vermont legislature which creates the office of state ornithologist.
